Description: Most illnesses start in the gut, including many you would not even think of!And if your gut isn't functioning right, it sets the stage for illness and disease. The gut?the gastrointestinal system?is designed to absorb nutrients that support our bodies and help us make energy, and get rid of things that we don't need or are toxic. But what happens when...

Review: I bought this for my mother who has suffered with an undiagnosed leaky gut for years. None of her doctors could successfully diagnose her problems. They kept prescribing test after test, and multiple prescriptions, but nothing solved the problems. They simply dont have the knowledge needed in this area (even the Internal Medicine specialist and...
